How to Identify Your Hand Shape

To determine your hand shape, follow these simple steps:

1. Look at the shape of your palm. Is it square, rectangular, or long?

2. Observe the length of your fingers. Are they short or long compared to your palm?
3. Feel the texture of your skin. Is it thick and coarse or thin and smooth?
4. Check the flexibility of your hands. Are they stiff or flexible?

By combining these observations, you can identify which of the four hand shapes you have and learn more about your personality.

Conclusion

While palmistry is not an exact science, it offers a fun and intriguing way to explore different aspects of your personality. Whether you have Earth, Air, Fire, or Water hands, each shape comes with its own unique set of traits and characteristics.
